Monday 5th October 2020

Dear Parents and Carers,

Re: Home Learning and Seesaw academic Year 2020-2021 Update

Thank you to the vast majority of you who have already completed the Google permission form and signed up for Seesaw. Over the course of this week you will be receiving an email with login details for your child attached, as a PDF document. **To ensure you find these details in your inbox, please add seesawadmin@weston-park.org.uk to you email contacts list.**

We have reviewed our home learning offer and policy as a result of the COVID-19 pandemic. To prepare the children for any unexpected closure or lockdown we will be using Seesaw as a virtual platform *for all home learning*. This will give everyone the opportunity to understand how to use Seesaw, asking staff for help where necessary, so that everyone is confident how to access remote learning. Government guidance makes it very clear that in the event of a lockdown or part closure, *all pupils should be ready to access remote learning and maintain contact with a teacher to support their needs and progress.*

It is **crucial** that **all** children have been given permission and are signed up to use Seesaw as soon as possible. **Google permission forms have been resent.** Please complete the form and return it ASAP so that an account can be created for your child and login details sent home.

If you have any problems accessing the form or Seesaw, please email Mrs Juttla at seesawadmin@weston-park.org.uk. **Please remember to add this email address to your contacts to avoid any Seesaw messages going straight to your spam or junk folders.**

Yours sincerely

Mr J Wiltshire
Headteacher
